RE: Above & Beyond Home Inspections To Whom It May Concern:

I am a local real estate agent and have used Todd & Steve several times to inspect my client's homes. Their knowledge, detailed reports, and professionalism have truly impressed all of us. They have found several major problems in my house as well as other homes they have inspected. I feel these problems were found by them because they really take their time and do their job right. I have called to consult with them numerous times and have been given excellent recommendations.

Thanks guys!

Tracy Fanner
